Rootstown, OH 44272

Dear Diana Dillon,

I am writing to express my interest in the Marketing and Communications Intern position at Northeast Ohio Medical University. As a Communications major with a focus on Strategic and Organizational Communication, I have the necessary skills and experience to excel in this role.

During my college career, I have used strong critical thinking and problem-solving skills in my projects and written work, which I will bring to this position as a Marketing and Communications Intern. I have experience in Canva, Adobe Creative Suite, and Microsoft Office products including Word, Excel, Access, Outlook, and Teams. I am organized and manage my time effectively, earning a 3.9 grade point average while taking a full course load of classes and working part-time.

In my previous work experience in reservations and hospitality, I worked four years at a campground where I took reservations over the phone and in person. This job provided me with excellent interpersonal communication skills, as I had to interact with people from various backgrounds and manage customer complaints. Additionally, I have an interest in healthcare as I currently work as an activity assistant at a nursing home, organizing activities, running events, and caring for the residents.

Thank you for your time and consideration of my application. Please contact me at 330-754-9927 or naf50@uakron.edu. I look forward to the opportunity of an interview and the possibility of working for Northeast Ohio Medical University.

Sincerely,

Natalie Feaser
